Mizuho Leasing Company, Limited

Commitment to Maritime Investment Fund Operated by Hayfin Capital Management

Mizuho Leasing Company, Limited (head office: Minato-ku, Tokyo; President and CEO: Akira Nakamura; hereinafter “Mizuho Leasing”) is pleased to announce its commitment to Hayfin Maritime Yield Fund LP (hereinafter the “Fund”), a maritime investment fund established and operated by Hayfin Capital Management (head office: London, UK; hereinafter “Hayfin,” including its affiliates).

Founded in 2009, Hayfin is a major UK-based alternative asset investment firm with an AUM of approximately USD 30 billion. Hayfin has invested approximately USD 4 billion in maritime assets and financing to date, leveraging its robust shipping network to forge an excellent track record in investing in diverse maritime assets.

Focusing on environmentally-friendly vessels to ensure stable and sustainable shipping, the Fund plans to invest in bulk carriers, tankers, container vessels, and gas carriers, among others.

In line with our vision to “be a creator of a sustainable world,” we have identified “contributing to a decarbonized society” as a material social issue to be addressed (materiality). Our Group has already contributed to development of the shipping industry in areas such as vessel finance and leasing. Amid the ever-growing importance of addressing climate change and resource and energy issues, through investing in the Fund, we aim to accelerate efforts to realize a sustainable society by contributing to decarbonization.
