

NEWS RELEASE

March 1, 2022

To whom it may concern,

Mizuho Leasing Co., Ltd.

Notice of the renewal of the "Mizuho Leasing official website"
~The renewal will be carried out in stages by the end of April 2022~

We are pleased to announce that we have completely renewed our official website and released it today.

In 2021, we renewed our management philosophy. In response, we have expanded the content of the new website to be more in line with our new management philosophy and have redesigned the design and layout to make it easier to read and use.

We have aimed to improve convenience for all stakeholders, including customers, business partners, investors and students interested in our company, by clarifying the entry for each browsing target so that the desired information can be quickly obtained.

In addition, the navigation has been changed to ensure that the desired information can be accessed with fewer clicks.

<Key points of renewal>

We have tried to ensure that the website (1) is easy to understand, (2) provides smooth access to information, and (3) enables all stakeholders to maintain their interest by learning more about our activities.

In addition, our management philosophy, which was renewed in 2021, positions "Connect needs to create the future" as our mission, and this message will be consistently expressed in our website. Also, by updating latest information such as service examples and employee feedback as needed, we will shorten the distance between us and our stakeholders and communicate with them in a more face-to-face manner.

We are planning on completely renewing the Japanese and English versions of the website, and all of the updated changes will be applied in stages by the end of April 2022.

We consider our official website to be an important tool for communication with our stakeholders, and we will continue to strive to provide smooth and timely information.
